A HUB OF CREATIVITY

The last few years has seen Old Street transform into an established office district for a broad range of sectors, with businesses coming to Old Street because of its deep talent pool and wealth of amenity. It has the biggest concentration of tech companies in Europe, including a Google campus and is home to numerous leading fashion houses, advertising agencies, music-streaming companies and not-for-profits; its diverse community is what makes it so vibrant and exciting.

CONNECTIVITY

Oliver's Yard is less than a minutes walk from Old Street station (Northern line and Great Northern rail) making it extremely well connected to the rest of the City and beyond.

Journey times will continue to improve with the arrival of the Elizabeth line, the timing for delivery is to be confirmed. It's a short journey from the building to Liverpool Street station, (either a seven minute walk or accessed via Moorgate station, just two minutes away on the Northern line), where the Elizabeth line will dramatically reduce travel times across London.

OLD STREET ROUNDABOUT REGENERATION

The future is bright for Old Street roundabout. Transport for London are making the roundabout more pedestrian and cycle friendly and aim to finish the main works in 2020. As part of the scheme they are:

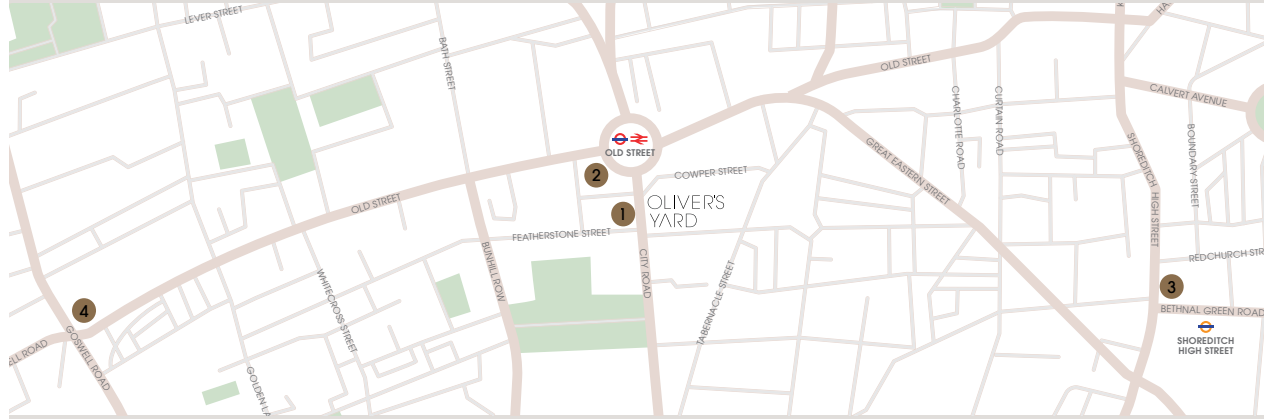

- > Removing the existing roundabout and returning the traffic to two-way.
- > Adding signal-controlled pedestrian crossings and segregated cycle lanes.
- > Remodelling the entrances to the tube; there will be two new station entrances, one accessible from Cowper Street and a main station entrance with a green roof to complement the public space and environment.
- > Building a new public space around the new station entrance to make it easier to walk into and around the station.
- > Building a designated public lift into St Agnes Well mall retail concourse.

DERWENT LONDON LOCAL OWNERSHIP

Derwent London is a different kind of developer - a design-led creative office specialist providing unique workplaces where occupiers become long-term partners.

We are an invested Landlord in this area and we like to create communities where businesses and talent can thrive. 775,900 sq ft of the Derwent portfolio is located within a 10 minute walk of Oliver's Yard. This means we can offer any local company the opportunity to have their office needs met as their business needs change.

NET ZERO

As a responsible business, we understand, balance and manage our environmental, social and governance opportunities proactively; it is visible in our culture, approach and design and management of our buildings. We have recently set a target to achieve Net Zero Carbon by 2030.
